Southern California Installs

Can also install "Butler" Type and "Klean Install" faucets for other Enagic models

PRICE INCLUDES:

- Installation of Under Sink SD-501U machine, faucet and control panel.
- Cut hole in countertop or sink for faucet.
- Run electrical box under sink for constant power to unit from an accessible electrical outlet & connect electrical to machine.
- Run necessary plumbing from cold water valve to machine (includes replacing supply valve).
- Test Unit.

PARTS (additional...billed at cost) - for standard installs approx. \$50.

- Non-burst stainless steel hoses.
- New angle stop supply ball valve.
- New "T".
- Electrical Parts (box, plug, wire, J-box, etc.)
- Drywall repairs, if necessary (customer responsible for touch-up painting, as mud may not dry by the conclusion of installation).
- Other parts as needed.

EVERY INSTALLATION IS UNIQUE AND MAY REQUIRE CUSTOMIZED FABRICATION AND/OR ADAPTATION THEREFORE ADDITIONAL CHARGES MAY APPLY AS FOLLOWS:

- Due to Age and condition of sink, plumbing, electrical, cabinet, countertop, etc.
- Challenges with access to plumbing, electrical, cabinet, firewalls, etc.
- Unforeseen circumstances...such as (but not limited to):
 - Deteriorated cabinet floor due to prior plumbing leakage.
 - Complicated plumbing that needs to be re-aligned.
 - Removal of reverse osmosis systems (and other systems).
 - Re-routing of sink fixtures (for proper fit of faucet).
- Add travel expense for installs outside San Diego County - varies by location.
- Can provide out-of-area phone installation support for an hourly fee.

Optional Full Orientation to Customer for an additional fee of \$100

Distributor could opt to pay for this service to ensure customer is fully oriented to machine (to be paid in advance).

Orientation includes: how to use the machine, how to make the various pH waters, tips to making the high acidic and high alkaline waters, cleaning machine (daily cleaning and machine self-clean), plus how to use e-cleaner, how to change the filter, how to use drain pan, what to do if leak-detector alarm sounds, review of paperwork, etc.

Installation Schedule subject to verification of shipment or receipt of unit

**FULL PAYMENT IS DUE BY CASH OR CHECK
AT CONCLUSION OF INSTALLATION**
